Artificial Intelligence Solving Complex & Non -recurring Traffic Challenges

Marc Roberts
Andy Hamer

Current Projects – Connected vehicles

In-vehicle GLOSA

- Starting engagement
 - Completed successful pilot project in Manchester to prove connected vehicle operation for release with next model release
- Forecast expansion
 - Will be expanded as part of a broader initiative with vehicles OEMS as part of Europe wide or global contracts
 - Possible use cases with specific vehicle groups
 - Public transport
 - Cyclists
 - Pedestrians
 - Freight / Logistics
 - Large fleet operators

The background is a solid orange color. In the top-left and bottom-right corners, there are decorative patterns of small white dots arranged in a curved, diagonal fashion.
